### **2016 CALL FOR PAPERS, POSTERS, RESEARCH UPDATES & FILM**

---

[Submit Your Abstract Online](#)

**First Round Deadline: June 1st, 2016**

#### **Paper: (20 minutes - formal)**

Perhaps the most formal category at the conference and an excellent way to share research results, thoughts and ideas. An increasing number of papers in this category are accompanied by a PowerPoint presentation.

#### **Research update: (10-15 minutes - informal)**

Ideal for the grad student or seasoned researcher seeking sources, assistance, guidance and opinions on current research. Can't identify an artifact found during your latest excavation? Can't identify an individual in a photo you found during your search at the archives? This is your chance to ask the audience.

#### **Film:**

The current schedule can accommodate 2 films.

#### **Poster Session: (2 hours - formal)**

Ideal for students. A great way to participate at a conference without the pressures of presenting before an audience. This session is a more intimate encounter with other researchers, lending itself to an excellent way to gather more data and advice.
